Alfred has made every effort to make this book not only attractive but more useful and long-lasting as well. Usually, large books do not lie flat or stay open on the music rack. In addition, the pages (which are glued together) tend to break away from the spine after repeated use.

In this edition, pages are sewn together in multiples of 16. This special process prevents pages from falling out of the book while allowing it to stay open for ease in playing. We hope this unique binding will give you added pleasure and additional use.
