BT200S SERIES

Universal Customisable Controller

ATBT200S2

ATBT200S4

ATBT200S6

From MIDI to Media

A wireless, tactile, durable, and fully customisable MIDI controller, page turner, media controller, lighting controller, keyboard shortcuts and more!

Works Your Way

The BT200S Bluetooth Wireless Foot Switch works with hundreds of apps to execute hundreds of powerful commands. The commands can also be assigned in the AirTurn manager to completely customise your setup.

Touch Response App Control

Control your apps with your foot without causing a distraction. The light-weight PEDpro has a 150 hour rechargeable battery that lasts you gig after gig. Customisable in AirTurn Manager.

Lightweight, low-profile wireless footswitch

Experience customised hands-free app control. Keep your hands on your task and take your practice and performance to a new level.

- Turn pages, scroll lyrics and tabs
- Advance slides for presentations
- Capture video, photo, and more!

Paperless

No more paper flying away or heavy books to carry. Go green!

Hands-Free

Keep your hands on your task.

Wireless

No more cables to clutter your setup.

Versatile

Hundreds of compatible apps.

CONTROLLERS

Simple, Sturdy, Silent

ATDUO200

ATDIGIT200

ATQUAD200

ATTAP

The Ultimate Page Turner

These silent, tactile controllers provide the ability to turn pages, control auto-cue apps, and advance presentation slides. These controllers can also control phone and tablet cameras for remote video and photos as well as remote control for other media. The commands can also be assigned in the AirTurn manager to completely customise your setup.

All-in-One Bluetooth Remote Control

Remote for Presentations and Filming

Easy handheld control for auto-cues or presentations! Filming or vlogging? Keep your focus on your content and start/stop recording remotely!

Handheld Lyric and Media Control

For singers, FOH engineers, and party hosts who wish to turn pages or control volume, play/pause, and track control! Seamlessly cue your page turns or audio changes right from your hand!

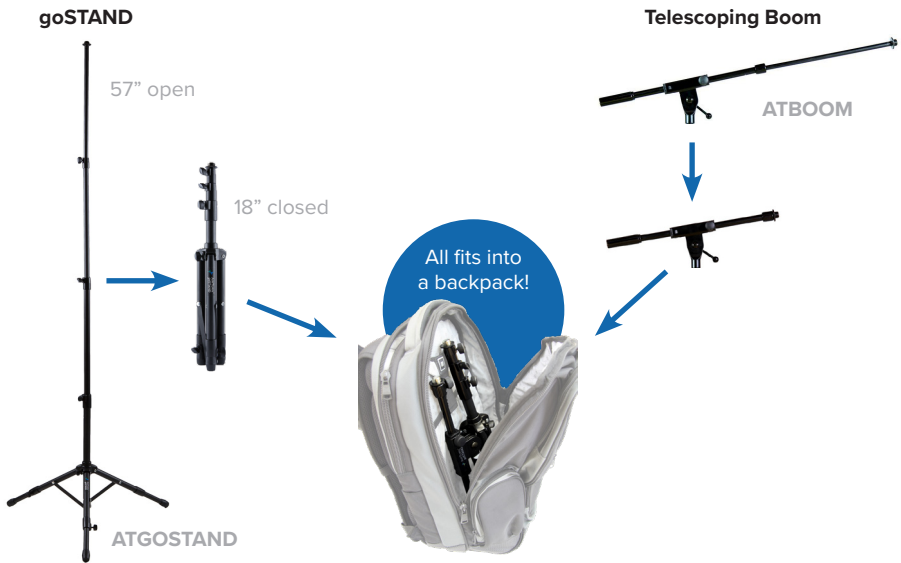

DIGIT III Features

- Navigate presentations from the palm of your hand using Keynote, PowerPoint, and more
- Take a selfie or snap group photos.
- Record video remotely.
- Control your media player apps from any room, on your bike or in your car.
- Customise buttons for even more app control with free app
- Record or arm your tracks without having to be at your computer.
- Attaches to a keychain, lanyard, or strap.
- Rechargeable with 150 hours of continuous use. Battery will last 4-5 years.

The Portable Solution

Gig and Go!

Finally, a stand you can fit in your backpack! The goSTAND and Telescoping Boom are the convenient and sturdy solution for performing musicians. Works well for both standing and seated positions for holding tablets, microphones and other gear that can be mounted using a standard 5/8-27 mic thread.

Universal Tablet Holder

MANOS

MANOS

MANOS with SMC
(Side Mount Clamp)

SMCEX2

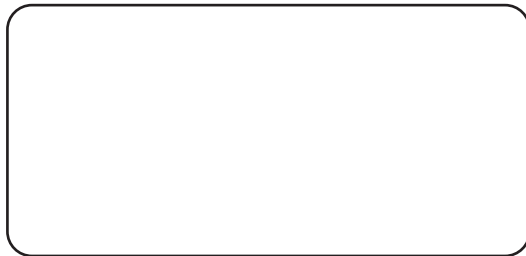

ATSMCEX2

Any Tablet, Any Angle

From Smartphone to iPad Pro, with or without your case! The Manos Mount attaches to any microphone stand and delivers smooth 360° rotation with portrait and landscape orientation. Extremely Durable.

Mounting Solutions

The steel ATSMC/ATSMCEX/ATSMCEX2 allow you to position your tablet conveniently on your stand. Works great to hold mics and other accessories that use a standard mic thread.
