

# ARNOLD JACOBS

## *Heritage Model*

### Tuba Mouthpiece

Arnold Jacobs, legendary musician and teacher, was famous for his sound.

This possessed a vibrant core, great intensity and sonority, unsurpassed tonal beauty and unlimited dynamic range.

His mouthpiece was unique; refined to a high point of sophistication and efficiency.

## THE ARNOLD JACOB HERITAGE MOUTHPIECE

Surely the most sophisticated tuba mouthpieces ever; elegant in design, live and responsive.

The Arnold Jacobs Heritage Mouthpiece offers a unique sound, dark in character. The core is clearly defined yet strong and broad. Response is even and flows over a broad compass, the low register is highly efficient and the high range has great stability

Narrow rim with clearly defined inner edge.

Wide inside diameter of 32.7 Mm.

Deep pear-shaped cup.

Large throat of 8.5 Mm.

Graduated backbore.

Fully tapered shank.

Weight of 175 Grams

Recreated by the Canadian Brass.  
life-long students of Mr. Jacobs.
