THE POWER TO CONNECT

NEW YTR-8330EM CUSTOM TRUMPET

Developed in conjunction with internationally renowned trumpet artist Eric Miyashiro, the new YTR-8330EM Custom Trumpet combines light weight and versatility with an effortless power that really connects the player to the music. Building on Eric's existing Yamaha signature series model, the new instrument retains all the articulation and response of the original with every component carefully re-examined and refined to optimise high-register playability and overall control.
