BLACK PANTHER COLLECTION

PUSHING CONCEPTUAL BOUNDARIES

Based on its successfully distinctive snare drum series, Mapex has taken this highly progressive design philosophy, extended it across an entire collection of unique drums and created the Mapex Black Panther drum Series.

Black Panther drums feature boldly unique shell formulas with specially designed bearing edge profiles to create distinctive tone and voice.

With the Black Panther Series, Mapex speaks to the artistic side of every drummer by giving them drums that bring life to the sound they have only heard in their dreams.

"You can probably tell already that we at iDrum loved this kit. Visually and sonically it just works and can be applied to so many different genres thanks to an incredible tuning range and dynamic sensitivity. The resonance of the floor tom in particular is something to behold and the exceptional volume, projection and growl of this kit as one complete voice is really special"

iDRUM MAGAZINE

THE RETROSONIC

LOOKING BACK. MOVING FORWARD.

The third powerhouse in the Black Panther collection is now here, everybody please welcome, the **RETROSONIC!**

The first thing to notice about the new addition are the shells; hand selected, highly figured semi-gloss Walnut, beautifully dressed with the sleek and stylish Retrosonic tube lug which perfectly match it's snare drum inspiration. The finish and hardware combine to give a distinctive retro look but with undeniable contemporary quality.

Sonic Saver hoops equip the shells to give that perfect balance between triple flanged and die cast tone whilst the bass drum is finished beautifully with matching Walnut rings.

For the ultimate vintage tone, the toms are fitted with Remo Ambassador Suede Batter heads to give that bright attack and warmth, whilst the kick is adorned with a P3 Suede batter head and a striking antique BP logo display head.

This kit is available in one configuration only, 22x16, 12x8 and 16x16 (S1000 snare stand included for tom mounting).

Only 100 kits produced worldwide, we have 30 coming to the UK so don't hang around, find these timeless sets while you can!

KIT SPECIFICATIONS

- 8.1mm Pure Walnut shells
- 1:9 bearing edges
- Isolated Mounting System
- Floating Spring Loaded Floor Tom Legs
- Single-Point-of-Contact Lugs
- 2.3mm Sonic Saver Hoops
- Remo Ambassador Suede Batter Drumheads
- Remo P3 Suede Batter Bass Drumheads
- S1000 snare stand included

SATURN

UNTIL YOU ACTUALLY SIT BEHIND A SATURN KIT AND HEAR FOR YOURSELF WHAT TWO THIN WALNUT PLYS DO FOR ULTRA-THIN MAPLE SHELLS, YOU REALLY DON'T KNOW WHAT YOU'RE MISSING. THE BASS DRUM HAS THAT EXTRA-FAT BOTTOM END, THE FLOOR TOMS THAT UNMISTAKABLE PUNCH, THE MOUNTED TOMS RING WITH WARM RESONANCE LIKE YOU'VE NEVER HEARD.

The perfect drum set for the road warrior, the Saturn is everything you need to make an impact on stage. Lightweight hardware, finishes especially designed to make the most of stage lighting, and above all, sonic qualities that set you apart from everyone else.

Sit down behind a Saturn and discover what so many touring professionals have learned.

Do it for the crowd. Do it for the band. Do it for yourself. The Mapex Saturn may just be the last drum set you'll ever buy.

"Mapex have produced a serious kit here, in both terms of quality and price. Whether for live work or in the studio you will have a fantastic sounding and looking set of drums made with attention to detail and craftsmanship. They look and feel very classy. If you are in the market for a kit right now, I would definitely check out the Saturn series."

MERIDIAN Maple

MERIDIAN MAPLE USHERS IN A NEW LEVEL OF QUALITY AND FUNCTIONALITY IN MID-LEVEL, ALL MAPLE DRUM SETS. WITH A COMPLETELY NEW LUG AND REDESIGNED LIGHTWEIGHT ISOLATED TOM MOUNTING SYSTEM, THE MERIDIAN SERIES FEATURES BRIGHT AND RESONANT ALL MAPLE SHELLS IN A WIDE SELECTION OF LACQUERED AND COVERED FINISHES.

Mapex's newly designed Isolated Tom Mount System is significantly lighter in weight and lower in profile than before and is more easily mounted and adjusted. The 7ply All-Maple shells resonate freely with minimal contact from hardware components.

Each Meridian Maple set is proudly finished with an eight coat, high gloss, hand-rubbed lacquer that's more often only kept exclusively for custom, high end sets.

"The 'Jazz' set-up certainly impressed us, with a wealth of tone and musicality, not forgetting enough muscle to cover more than just 'jazz' dates. Each drum rang true and tuning options are not just limited to jazz, though this is where the drums work best as they sing even under the lightest of touches."

MERIDIAN Birch

LIKE ITS MAPLE COUNTERPART, THE MERIDIAN BIRCH EMPLOYS THE SAME LIGHTWEIGHT AND ERGONOMIC ISOLATED TOM MOUNTING SYSTEM FOR MAXIMUM RESONANCE AND SUSTAIN. THE MERIDIAN'S THIN BIRCH SHELLS OFFER PLENTY OF ATTACK AND REMARKABLY BRIGHT TONE. THE RESULT IS ASTOUNDING PROJECTION AND CUTTING POWER.

Additionally, the unique Mapex off-the-shell design and single-point-of-contact lugs distribute tension evenly across the shell for even better resonance and sustain.

As these drums know they are in for some serious action, all Meridian Birch sets come with all-new, feature-rich Mapex 700 Series hardware.

"This is a great kit and it feels really nice to play, and the floor toms and bass drum have loads of tone and bottom end. Birch has a slightly different feeling and response to maple which is worth bearing in mind if you check out this kit and are normally a maple player. For some having a birch kit is a must in the tool box as an alternative to a maple, to others its the only way to go."

TORNADO

Tornado kits are manufactured exclusively in our own wholly owned drum production facility, and built to a level of quality only our state of the art machinery, highly trained staff and expert production techniques can guarantee. Our drum factory is one of the only facilities of its kind in the world to have achieved ISO9001 certification, the worlds standard for manufacturing excellence.

Tornado drum shells are made from hand selected basswood ply's and all kits feature ball and socket tom holders for ultimate positioning and double braced hardware throughout.

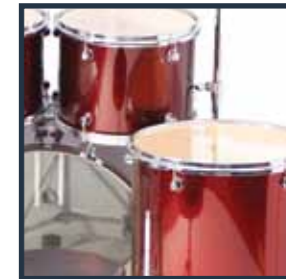

All Tornado kits also include a matching wood shell snare drum and are shipped with Hi Hat and Crash/ Ride.

Tornado is supplied in durable, high quality Black and Burgundy wrap finishes.

BLACK PANTHER SNARES

the **STINGER**

1mm steel shell
10" x 5½"
traditional 45° bearing edge
Tune this drum high and hit it hard. It'll only hurt for a second.
BPST0551CN

the **SLEDGEHAMMER**

1.2mm hammered brass shell
14" x 6½"
traditional 45° bearing edge
Some jobs call for heavy duty equipment. This drum bludgeons its way through the din with extreme volume and a distinct rounded tone.
BPBR465HZN

the **PANTHER**

3mm solid steel seamless shell
2mm seamless steel c&c formed shell
1mm seamless steel c&c formed sound control ring
14" x 5"
6:4 bearing edge
The ultimate Black Panther Snare Drum features a sensitive feel, big volume and a warmer sound than you would ever expect from a metal drum.
BPST450SLN

the **BLADE**

1mm steel shell
14" x 5½"
traditional 45° bearing edge
A visually sleek and alluring instrument with razor-sharp tone that carves deeply into any groove.
BPST4551LN

the **MACHETE**

1mm steel shell
14" x 6½"
traditional 45° bearing edge
If you're in need of a drum that can hack its way through the thickest of guitar noise, look no further.
BPST4651LN

the **BRASS CAT**

1.2mm brass shell
14" x 5½"
traditional 45° bearing edge
Slightly softer than a steel snare.
This drum produces an aggressive sound that's incredibly smooth.
BPBR4551ZN

the **PHANTOM**

5.1mm shell constructed from two exterior 1.7mm birch plies and one interior 1.7mm walnut ply
12" x 5"
5:5 bearing edge
This drum, with its unique hybrid shell possesses incredible sensitivity that makes ghost notes sing.
BPBW2500CNWA

the **VELVETONE**

8.1mm shell constructed from one 3mm exterior burl maple ply, one 3.4mm walnut middle ply and one 1.7mm interior maple ply
14" x 5½"
1:9 bearing edge
Don't be deceived by its beautifully seductive exterior, this drum is wickedly dark with a high degree of sensitivity.
BPMW4550CNUB

the **CHERRY BOMB**

12mm maple shell
13" x 5½"
1:9 bearing edge
Classic in style and performance, this uniquely sized drum is as distinctive to the ear as it is to the eye.
BPCW3550CNCY

the **BLACK WIDOW**

5.1mm maple shell
14" x 5"
5:5 bearing edge
This full-bodied, versatile drum features extreme sensitivity and a dark, dry tone.
BPML4500LNTB

the **PHATBOB**

12mm maple shell
14" x 7"
2:8 bearing edge
Built to be played hard and loud, this bad boy features an extra thick shell, rounded bearing edge and a deep snare bed for a thick, fat sound.
BPML4700TLNTB

the **RETROSONIC**

8.1mm walnut shell
14" x 5½"
1:9 bearing edge
This classically styled, beautifully crafted drum produces a rich, vintage-style sound.
BPWB4550CNEN

the **FASTBACK**

5.1mm maple shell
12" x 7"
1:9 bearing edge
The size and tuning range of this drum combine to produce a distinctive high pitch with plenty of body making it a great choice for Gospel or R&B.
BPML2700CNIT

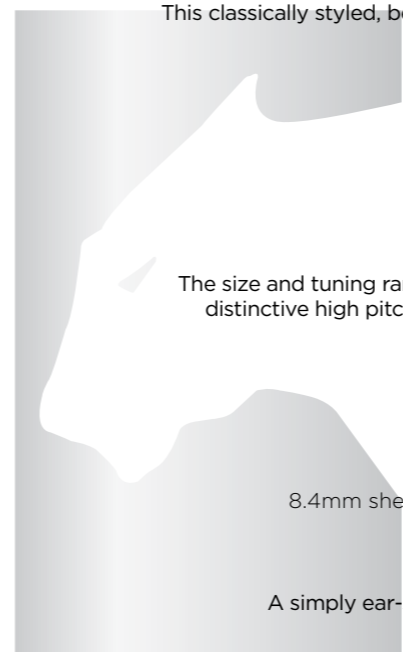

the **BLASTER**

8.4mm shell constructed from 5.1mm maple shell and 3.4mm walnut reinforcing rings
13" x 7"
5:5 bearing edge
A simply ear-shatteringly loud and aggressive drum.
BPML3700LNWA

Three inside pockets hold 12 pairs of sticks with an outside pocket for small accessories.

ACCESSORIES

STICK BAG - SKULLS

Designed with real personality, these new bags are available in digital camo and skull & crossbone patterns. Able to hold 24 pairs of sticks, these high end bags also have plenty of pockets for accessories and sheet music.

THE **KICKPORT**® PATENTED DESIGN ENHANCES THE SOUND OF YOUR KICK DRUM BY DOING FOUR THINGS:

- It ports the kick drum in the same manner as a bass reflex speaker cabinet which boosts low frequencies.
- It adds ideal dampening directly to the resonant head which allows you to remove most if not all of the internal materials thus reclaiming all of the natural resonance and tone of your drum.

- It focuses the air as it exits the kick drum and this compression increases punch.

- It's tunable! Due to its broadband design, The KickPort® improves the sound of bass drums sized 16" to 28." It can be tuned up or down by adjusting the tuning of the resonant head.

KICKPORT BLACK
Bass drum soundport in Black

KICKPORT WHITE
Bass drum soundport in White

KICKPORT CHROME
Bass drum soundport in Chrome

KICKPORT GOLD
Bass drum soundport in Gold

THE OVERALL RESULT IS MORE LOWS, MORE TONE, BETTER DEFINITION AND MORE PUNCH IN VARYING ACOUSTIC ENVIRONMENTS. ADDITIONALLY THESE ARE BENEFITS THE DRUMMER CAN FEEL BEHIND THE KIT.

CP1 BLACK

*"And so faintly you came tapping, tapping at my chamber door,
That I scarce was sure I heard you, here I opened wide the door;
Darkness there, and nothing more."*

*-Poe-
The Raven*

Meridian Black - The Raven
