

# NOTABENE

MUSIC STAND

## NOTABENE "TRANSIT"

Notabene TRANSIT is a trolley for transport of 15 music stands (with the exception of MAESTRO). The trolley frame features rounded corners to prevent damage to doors, walls, etc. Four wheels make the TRANSIT extremely steady and aid mobility. The front wheels swing in the direction of motion and are equipped with brakes. Securing bars lock the music stands in position. Black is the standard colour.
