The MEINL Don Conreaux Eight Corners of Heaven Mirror Gong

HANDCRAFTED MASTERPIECES
MADE IN GERMANY

*Designed in cooperation
with Don Conreaux*

ABOUT THE EIGHT CORNERS OF HEAVEN MIRROR GONG

The Eight Corners of Heaven Mirror Gong was developed in collaboration with the Gong Master “Don Conreaux”. This gong features a unique appearance with ancient mysterious symbols set against a mirror finish. The eight runic glyphs represent the cycle of life and suggest that the sound of the gong originates in the eight corners of heaven propelling the cycle of life on earth. Both sides of the gong are finished with a mirror surface allowing the player to see himself, listeners, or other gong players in an ensemble. This is also beneficial in meditation and therapy use for self-mirroring and reflecting surrounding lights.

The MEINL "Flower Of Life" Collection

HANDCRAFTED MASTERPIECES

ABOUT THE "FLOWER OF LIFE" COLLECTION

The "Flower of Life" tuning represents the origin of all things through sacred geometry. The collaboration of numbers, shapes, and vibration belongs to the oldest myths of mankind. It is the strive to connect with our origin and to understand oneself. The frequencies of the "Flower of Life" Collection is one step on the journey to this goal.

The MEINL Planetary Tuned Gongs

HANDCRAFTED MASTERPIECES
MADE IN GERMANY

ABOUT THE PLANETARY GONGS

The MEINL planetary tuned Gongs are made in Germany in the European gong-making tradition. Using the calculations of Hans Cousto (The Cosmic Octave) to match the frequencies of the sun, moon, and planets, each gong is tuned to produce the corresponding frequency. These gongs are handcrafted by the gong makers to respond with great sensitivity in all playing applications. Their mysterious sound comes from the countless hours spent handworking the metal. It is atmospheric and soothing. They are available in 24"/61 cm up to 36"/91 cm in diameter.

The MEINL Wu Xing Gongs

HANDCRAFTED MASTERPIECES
MADE IN GERMANY

ABOUT THE WU XING GONGS

The MEINL Wu Xing Gongs are made in Germany in the European gong-making tradition. These gongs are tuned with a greater frequency range that allows them to produce complex tones and beautiful harmonies within themselves. And because each one is handcrafted, the gong makers ensure that these gongs will clearly speak from a soft whisper to a deep roar.

The name Wu Xing comes from an old Chinese phrase that is translated as the five elements of life. It is from these elements that gongs are created and used to balance life within the universe.

The MEINL Chau Tam Tams

HANDCRAFTED IN CHINA

ABOUT THE CHAU TAM TAMS

The MEINL Chau Tam Tams are handcrafted in China using the same methods and traditions which have been used to create gongs in this region for centuries. Made from a special bronze alloy, these tam tams have a large spread of tones and characteristics. From a sustained low hum to a brooding roar to fast explosive crashes, they work in many situations and blend well with other gongs and instruments. Available sizes start at 22"/56 cm and increase to 40"/101 cm in diameter. Each tam tam ships with a beater designed to correspond with the tam tam size.

The MEINL Wind Gongs

HANDCRAFTED IN CHINA

HANDCRAFTED IN CHINA

36"/90cm-Wind Gong

ABOUT THE WIND GONGS

The MEINL Wind Gongs are traditionally handcrafted in China by using a special bronze alloy. These gongs are also known under the name Feng or Sun Gong. The shape is almost flat, and due to this the vibration of the gong spreads out extremely wide with a long sustain. The sound characteristic is mainly low pitched, and by playing the gong more powerfully it opens up nicely with sizzling overtones. Available sizes start at 20"/50cm and increase to 40"/101cm in diameter. Each gong ships with a beater designed to correspond with the gong size.

The MEINL Opera, Tiger & White Gongs

HANDCRAFTED IN CHINA

ABOUT THE OPERA GONG

The MEINL Opera Gong is traditionally handcrafted in China by using a special bronze alloy. It has a very pronounced bent-out shape with a large center dot. The Opera Gong plays an important role in traditional Chinese opera due to its descending pitch. An audible glissando effect can be achieved with a very short sustain. The gong comes with an appropriate beater.

ABOUT THE TIGER GONG

The MEINL Tiger Gong is traditionally handcrafted in China by using a special bronze alloy. The name tells you already that the roaring and growling sound is reminiscent to that of a tiger. It has a very pronounced bent-out shape with a large center dot. Similar to the Opera Gong, it has a good amount of splash, but in comparison less of a descending bend effect. The gong comes with an appropriate beater.

ABOUT THE WHITE GONGS

The MEINL White Gongs are traditionally handcrafted in China by using a special bronze alloy. These gongs are also known under the name Double-Light-Gong due to the bright surface on both sides. They have a very flat profile with a bended rim for a powerful and splashy clear sound with medium sustain. Each gong ships with a beater designed to correspond with the gong size.

The MEINL Singing Bowls

HANDCRAFTED MASTERPIECES
MADE IN INDIA

ABOUT THE SINGING BOWLS

The MEINL Singing Bowls are handcrafted in India using traditional methods. Each singing bowl starts by sourcing high grade metals to provide a pure tone. Then in the hands of the skilled artisans, an individual masterpiece is created displaying the quality and care put into each instrument. Finally, each singing bowl passes through our quality control in Germany before being shipped to our customers. There are five series of singing bowls: UNIVERSAL, ENERGY, COSMOS, SPECIAL ENGRAVED and GIANT. From universal bowls for yoga and meditation to specific singing bowls used for sound massage and therapeutic purposes, MEINL has a singing bowl for every purpose and passion.

Each MEINL Universal, Energy, Cosmos and Special Engraved Singing Bowl includes corresponding cover and felt ring.

Giant Series Singing Bowls come with a buckwheat cushion.

ABOUT THE HARMONIC ART HANDPANS

MEINL Sonic Energy Harmonic Art Handpan instruments are hand made one at a time using top grade german steel. This material has been chosen for both its ability to be worked by hand and its strength to hold the tunings. These instruments are built to last a lifetime. The Harmonic Art Handpan produces clear and pure notes when struck by the hand. The tone is pleasing, soothing, and relaxing and can be used in a variety of settings both for performance and therapy. Each one is tuned with seven notes allowing the player to work within a musical scale both as a solo instrumentalist and with a group.
