K

THE LEGENDARY DARK SOUND

K Zildjian cymbals are known for their dark, warm sound that harkens back to the original K cymbals developed by Zildjian in 19th Century Turkey. We use innovative hammering and lathing techniques to work the Zildjian alloy into a versatile cymbal. K Family cymbals are the choice of drummers from genres as diverse as jazz, country and rock.

K.ZILDJIAN
CONSTANTINOPLE

THE LEGENDARY K CONSTANTINOPLE IS THE PINNACLE

of the Zildjian cymbal line, renowned for its perfectly blended sound quality. Complex hammering contributes to the cymbal's unique sonic identity and dark tones that can be at once cutting and smooth. K Constantinople cymbals can range from subtle to explosive, making them suitable for Rock, Jazz, Pop or any other musical genre.

K
KEROPE™

KEROPE CYMBALS

draws upon all of Zildjian's rich history and cymbal-making expertise to bring forth the most authentic vintage K recreation to date. Each cymbal is meticulously hand-crafted using a 14-step process that encompasses the best of everything we have learned in 390+ years of cymbal making. Gram weights are hand-written underneath the bell of each cymbal.

SPECS

Hammering Extensive hammering and shaping process unique to Kerope

Bell Bells are individually shaped to optimize the sound of each cymbal

**THE K CUSTOM SERIES**

is the place to go for unique and different colors to add to your drum setup. K Custom cymbals are based on the darker, dryer sounds of the legendary K line but have been customized with unique finishes, tonal modifications and manufacturing techniques, such as the combination of K and A style hammering that have made K Custom one of Zildjian's most popular product lines and the choice of artists from a wide range of genres. If you are looking for something different to fill out your sound, look no further than K Custom.

K ZILDJIAN CYMBALS
 are known for their dark, warm sound that harkens back to the original K cymbals developed by Zildjian in 19th Century Turkey. Instantly recognizable by their "vented K" logo, K cymbals capture the aura of original Ks but with far greater consistency, making them the choice of drummers from genres as diverse as jazz, country and rock.

Avedis **A A fx**
CUSTOM
THE CLASSIC ZILDJIAN VOICE

Bright and sweet, the Zildjian A sound defines the standard for cymbal sounds, offering a full range of tonal qualities from classic, full-bodied A's to fast, smooth A Customs. Complementing Zildjian's product offerings is a full line of FX (Sound Effects) cymbals to accentuate any style of music.

HOLLOW LOGO UNDERNEATH

A AVEDIS

Reminiscent of cymbals from the 30's through the 60's, yet distinctly modern and relevant for today's music, the A Avedis collection is a vintage recreation of the timeless sound and feel heard and played on thousands of top hits throughout the 20th century. Named in honor of Avedis Zildjian III, the father of the modern American cymbal, this collection is thin and loose with a played-in feel and immense musicality. Each cymbal features a patina finish that reproduces the look of a decades-old cymbal with gram weights written under the bell on every A Avedis.

A ZILDJIAN CYMBALS

have been central to the sound of popular music since their introduction in the 1930s when they were the signature sound of Zildjian prior to their even being called A's. Over the decades, their voice has evolved with the needs of drummers without ever straying from the bright, clean and crisp signature sound that has made A's the ultimate "desert island" cymbal for players of virtually all genres. It is A cymbals' versatility and reliability year after year, and generation after generation, that make them an icon in the cymbal world.

**THE A CUSTOM LINE**

has been the choice of renowned rock, metal and fusion drummers since its introduction in 1992. Recognized by its striking brilliant finish, the A Custom's unique tonal grooves and lower profiles combine to produce a smoother, glassier and brighter sounding cymbal with more give when struck than other cymbals. It is these qualities that has made the sound of A Customs particularly sought after in the studio.

**SPECS**

Hammering Radically modern rotary hammering for a thinner weight

Lathing Fine pattern of narrow symmetrical grooves that create just enough stiffness

Finish All Brilliant

NEW L80 LOW VOLUME SINGLES

Building on the incredible success of our cymbal sets, the L80 Low Volume cymbals are now available in two new sizes: a 20" Ride and a 10" Splash. In addition to the new sizes, the 18" Crash Ride and 16" Crash from the cymbal sets are available individually.

**L80 LOW VOLUME**

The L80 Low Volume Series is a new playing experience that delivers a quieter sound without losing the authentic feel of a Zildjian cymbal. The L80 Low Volume cymbal is up to 80% quieter than a traditional cymbal and is the perfect solution for practice spaces, small drum lesson rooms, low volume gigs or anywhere you want to play hard, but not loud.

**CLASSIC ORCHESTRAL**

A bright resonant sound that rises above any school or professional ensemble.

SYMPHONIC TONE

The Symphonic Tone cymbals have a classic and bright A Zildjian sound. They are available in three weights, French (light), Viennese (medium) and Germanic (heavy). The French have a more delicate sound. The Viennese are more for general use, with greater articulation than the French. The Germanic have the longest sustain and biggest sound.

CONCERT STAGE

Designed specifically for concert band playing, Concert Stage cymbals have a classic A Zildjian sound that is perfect for any classic band piece.

**K CONSTANTINOPLE ORCHESTRAL**

A dark, rich, and expressive sound that blends and enhances any ensemble of musicians.

K SYMPHONIC

Brighter than K Constantinople and darker than A Classic Orchestral. This core sound will cut through any ensemble with a well balanced attack and sustain. Consistent sound color throughout all dynamic levels. Also available in K Symphonic Light.

Z-MAC

Z-MAC, Zildjian Multi-Application Cymbals, provide the right sound and projection for a wide variety of educational uses, from the concert hall, on the marching field, to the jazz band. The A Zildjian Z-MAC is full, high-pitched, bright and rich in harmonic structure.

Straps and pads are not included.

STADIUM

Specially designed in close association with the world's top drum corps specialists, Stadium cymbals- warm, shimmering sound projects clearly into every corner of a stadium, with the ability for emphatic "zing" effects and a smooth, bright blend of overtones over a wide sonic spectrum. Brilliant Finish top, Traditional Finish bottom.

Straps and pads are not included.

**GONGS**

The first choice of the world's leading symphony orchestras, drum corps and rock stars alike. One-piece cast construction crafted in a Centuries-old tradition. A complex blend of highs and lows with beautiful warm overtones and plenty of attack when necessary. Predrilled and corded.

CROTALES

Standard grade orchestral crotale tuned to A-440.

OVERVIEW**WHY ZILDJIAN STICKS?**

The craftsmen at Zildjian have been dedicated to creating the most complete array of sounds for nearly 400 years. Bringing all that sonic experience and passion to drumsticks just makes sense. When the stick is right, and the cymbal is right, artistic possibilities are unlimited.

HICKORY SERIES

Carefully selected North American Hickory, available in a variety of sizes and finishes. Excellent strength and less flex make hickory the go-to choice for most players.

MAPLE SERIES

Maple produces the distinctive, natural cymbal sound discerning players are looking for. Also great for those who prefer a bigger stick without the added weight.

LAMINATED BIRCH

Dense, powerful, consistent. Crafted from resin-coated plies of U.S.A. birch for maximum weight and durability. Great for performance and for building chops!

ANTI-VIBE™ SERIES

Developed in collaboration with Sims Laboratories, patented Anti-Vibe™ absorption technology reduces vibrations up to 50%. Great for acoustic and electric drums, or anyone who suffers from hand and muscle fatigue.

DIP® SERIES

Applied to the bottom half of the stick, our proprietary Dip® coating allows for a more relaxed grip and reduces slippage from moisture. Available in a variety of hickory and maple sizes.

BRUSHES, MALLETS, & SPECIALTY STICKS

Multi-application specialty sticks.

GAUGE SERIES
When the stick feels right, everything else falls into place.

We get that. That's why we set out to create the world's most refined, dynamic, and balanced stick. Two years and nine prototypes later, the 9 Gauge was born. The Gauge Series represents a new concept in drumstick design because it carries the finely-tuned proportions of the 9 Gauge forward into four additional perfectly balanced models. So no matter what diameter you play, we've got a Gauge just for you. This is a new concept in stick design. This is proportional perfection.
