

Xeno Series, Key: Bb/F/D/Gb, Bore: LL: 14.30mm (0.563"), Bell: Yellow-brass, 241.0mm (9 1/2"), Weight: Heavy, Outer slide: Yellow brass, Inner slide: Nickel silver, Finish: Clear lacquer, In-line Valve System.

### The Ultimate Orchestral Style Trombone Has Arrived

Yamaha combined the knowledge they learned in creating the Xeno tenor trombones with feedback from some of the world's great bass trombonists. The results speak for themselves; a state-of-the-art bass trombone with all specifications redesigned by the team of Yamaha designers and R&D experts. The 830 model includes features such as the newly designed yellow brass bell with a thinner wall for enhanced response, nickel silver slide crook for more substance to the sound, and a new rotor design which improves playability.
